

Complete this form if you are interested in

THE ESL/MT COMMITTEE'S RESEARCH PROJECT

The Project is still in formation, so we would like to know whether or not you might like to participate in it, should it come about in the future, or whether you would simply like to be kept informed about it as it unfolds and then decide. In any event, completing this form does not bind you to anything; it simply gives us an idea of the possible interest.

About you...

1. Your name (please print).....
2. Your school or organization.....
3. Your post at the school/organization (incl. grade levels, or age group).....
.....
4. Have you ever done or are you now doing research of any kind?
5. If yes, what was/is the nature/topic of the research.....
.....
6. If it was/is in connection with an advanced degree, which one?.....
And at which university?.....

Our questions...

Would you be willing to participate in a project in ESL if it did not take up too much of your time and your school/organization agreed?.....

Would you like to be kept on an electronic mailing list to hear more about this project until a webpage is developed?.....

And now...

Please hand this form in to Eithne Gallagher, Edna Murphy or leave it at the conference registration desk.

MANY THANKS!!
